CORE EXPERTISE

Business Development • Go-to-Market & Market Entry • P&L & Revenue Leadership • Strategic Partnerships • Cross-Border Trade & Procurement • Commercial Transformation • Multi-country Leadership • Complex Negotiation

PROFESSIONAL EXPERIENCE

Managing Director | Executive Mandates & International Ventures

Jan 2008 - Present

1402 Celsius Ltd | London, UK | Plovdiv, Bulgaria

Operating company for independent ventures, cross-border trading and senior executive mandates.

- Built Blue Glove during COVID-19, creating an international PPE sourcing and distribution business for nitrile gloves, masks and diagnostic products; established direct manufacturing relationships, including INTCO Medical, and generated nearly €10M in revenue.
- Developed commodity trading after disruption to Ukrainian supply chains, sourcing sunflower oil for customers in Italy with peak recurring shipments of approximately 50-200 tonnes every two weeks; later expanded into maize, sunflower meal and animal-feed products across Romania and Northern Italy.
- Created Mari e Trulli International S.R.L., a real-estate venture designed to attract international investment into Puglia around projects supported by regional and EU development incentives.
- Built and operated a three-location precious-metals retail business in Catalonia, with stores in Sitges, Vilanova i la Geltrú and Vilafranca del Penedès.
- Delivered senior executive mandates through 1402 Celsius, including ADAMftd / ICTTM and BlueMar Ferries.

Chief Executive Officer (Contract via 1402 Celsius)

Nov 2025 - Sep 2026

ADAMftd / ICTTM | Remote

- Led the turnaround of a legacy global trade-intelligence platform and defined the strategy and product roadmap to reposition it as an AI-native proposition for modern international trade.
- Reframed the platform around user workflows, decision support and actionable intelligence rather than static data access.
- Defined commercial positioning, pricing, go-to-market and partnership priorities while working across product, engineering, commercial and operational teams.

Internationalisation & Cross-Border Trade | Member & Adviser

Jun 2022 - Present

Capitalimprese | Italy

Advisory role supporting internationalisation and selected commercial opportunities.

- During the Superbonus 110 period, originated an international procurement channel with Austrian insulation manufacturer Swisspor, connecting supply with major Italian construction groups and contractors.
- Supported multi-million-euro procurement relationships and high-volume weekly deliveries from Austria into Italy, and extended the organisation's international network through International Trade Council relationships and introductions.

PROFESSIONAL EXPERIENCE - CONTINUED

Director of Commercial Sales, Marketing & Public Affairs Jan 2016 - Mar 2017

BlueMar Ferries SL | Barcelona, Spain

Executive mandate delivered through 1402 Celsius Ltd.

- Led the commercial, marketing and public-affairs launch of a new maritime transport business, carrying more than 5,000 passengers during the first week of operations.
- Acted as a principal company representative with government institutions, regulatory stakeholders and media, including national television, radio and press coverage.

Chief Commercial Officer (CCO) Jun 2007 - Dec 2008

Euphony Benelux | London, UK

- Held commercial P&L responsibility across 18 European markets, managing a consolidated commercial P&L exceeding €200M.
- Provided functional leadership to Country Managers across sales, marketing and channel development, aligning local execution with revenue, customer acquisition and profitability priorities.

Chief Operating Officer (COO), Prepaid Services Division Jan 2002 - May 2007

Tele2 UK (CCC Alpha Telecommunication) | London, UK

- Scaled divisional revenue from approximately €70M to €220M over five years through multi-market commercial execution, product development and channel growth.
- Led 15 Country Managers across Europe and the United States, setting commercial priorities and adapting products and routes to market by country.

VP Sales & Marketing | Managing Director, Italy Jan 1998 - Dec 2002

Dynegy Europe / iAXIS Ltd | London, UK | Milan, Italy

Joined iAXIS, an early-stage European fibre-network startup, before its acquisition by Dynegy.

- Negotiated more than \$30M in long-term customer agreements across Southern Europe and over \$15M in fibre-optic infrastructure investment.
- Led Italian market entry for gas and electricity trading, coordinating commercial, regulatory and operational workstreams.

Early Career | Technology, Maritime Messaging & International Business Development 1989 - Jan 1998

BIMCom | Mercury Communications | Cable & Wireless Europe | TNT UK | Telegroup Italia

- Began as an independent IT consultant in Italy, delivering software training and implementation support to banking staff on enterprise applications.
- Relocated to the UK and joined BIMCom, working on MultiMessage, an early electronic messaging platform for the maritime and ship-broking community as an alternative to telex communications.
- Progressed through international telecommunications and product roles at Mercury Communications and Cable & Wireless Europe, then business development at TNT UK.
- Joined Telegroup Italia in commercial leadership and helped build a national operation reaching approximately \$100M in sales through a network of around 1,000 agents.
